RE: DOE Standley Lake Wetlands Bank

Dear Mr. Franklin:

Mr. Terry McKee of my office and Ms. Sarah Fowler, Environmental Protection Agency (EPA), have reviewed the DOE Standley Lake Mitigation Wetlands Delineation Map, dated January 26, 2005. This final map is a result of Mr. McKee's December 15, 2004 on-site wetland delineation boundary review with Mr. Ken Brakken and U.S. Fish and Wildlife Service personnel. With this letter, the Corps of Engineers (Corps) and EPA agree that the map accurately reflects wetlands present at the Standley Lake Mitigation Bank. In addition, the Corps and EPA agree to the crediting of 6.89 acres of wetlands at the bank.

Ms. Fowler intends to visit the site later this year and requested that I ask you to leave the wetland boundary flags in-place until her site visit. If you have any questions concerning this letter, please call me at (303) 979-4120. If you have any questions regarding the wetland delineation, please call Mr. Terry McKee at (303) 979-4120.

Sincerely,

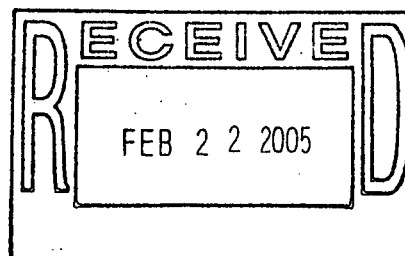

Timothy T. Carey
Chief, Denver Regulatory Office
